

COTTON SWEAT PAD

(Cleaning Instructions)

Your Cotton Sweat Pad can be easily removed for cleaning purposes by simply unsnapping. This cotton sweat pad can be hand washed in hot water, with laundry detergent or specially formulated soap. Hang dry only.

Although dry cleaning is not necessary, should you choose to, you should verify with your dry cleaner that they do not use chemicals that will damage any of the materials.

If your cotton sweat pad had been worn and needs replacement, please contact us.
